## Medicare Part B

There is a special rule for Social Security recipients, called the “hold harmless rule,” that ensures that Social Security benefits will not decline from one year to the next because of increases in Medicare Part B premiums. Whether this rule comes into play in a particular year depends on the amount of COLA and the Medicare Part B premium increase. The hold harmless rule will apply in 2023 for those people who had been paying the standard Part B premium if their Medicare Part B premium increased but the Social Security COLA amount was not large enough to cover the full amount of their increased premium. Those who are subject to the 2023 hold harmless rule will pay less than the full \$164.90 premium. Everyone else will pay the 2023 not held harmless premium. The MAGI used for the 2023 not held harmless premiums is based on the individual’s 2021 tax return.

Modified adjusted gross income (MAGI) 2021 tax year	2023 held harmless (HH)	2023 not held harmless	Premium level
Individual ≤\$97,000 Married, filing jointly ≤\$194,000	< \$164.90	\$164.90	Standard premium
Individual >\$97,000-\$123,000 Married, filing jointly >\$194,000-\$246,000		\$230.80	1.4 × standard
Individual >\$123,000-\$153,000 Married, filing jointly >\$246,000-\$306,000		\$329.70	2.0 × standard
Individual >\$153,000-\$183,000 Married, filing jointly >\$306,000-\$366,000		\$428.60	2.6 × standard
Individual >\$183,000-\$500,000 Married, filing jointly >\$366,000-\$750,000		\$527.50	3.2 × standard
Individual >\$500,000 Married, filing jointly >\$750,000		\$560.50	3.4 × standard

Centers for Medicare and Medicaid Services, September 27, 2022 Medicare Parts A & B Premiums and Deductibles

2023 held harmless premium consists of: 2022 premium amount + the increase amount, if any, of their Social Security benefit due to the 8.7% COLA for 2023 (capped at \$164.90).

## Medicare income brackets for determining monthly premiums

Higher-income Medicare beneficiaries have been paying more for their Medicare Part B and Part D coverage for several years in the form of income-related monthly adjustment amounts.

Legislation called the Medicare Access and CHIP Re-authorization Act of 2015, otherwise known as the “Doc Fix” law, permanently repaired the method of paying doctors under Medicare, secured permanent funding for low-income Medicare recipients, and ensured that children will be able to get access to health coverage. This law also enacted new MAGI tier brackets starting in 2019 that will apply for the current Medicare premiums as reflected in the tables. The 2021 tax return will be used to set those 2023 income-related monthly adjustment accounts (IRMAA) payments using this new tiered system to determine Medicare Part B premiums.

## Medicare Part D prescription benefits

Modified adjusted gross income (MAGI) 2021 tax year	PART D 2023 monthly premium
Individual ≤\$97,000 Married couple ≤\$194,000	Plan premium
Individual >\$97,000-\$123,000 Married couple >\$194,000-\$246,000	\$12.20 + plan premium
Individual >\$123,000-\$153,000 Married couple >\$246,000-\$306,000	\$31.50 + plan premium
Individual >\$153,000-\$183,000 Married couple >\$306,000-\$366,000	\$50.70 + plan premium
Individual >\$183,000-\$500,000 Married couple >\$366,000-\$750,000	\$70.00 + plan premium
Individual >\$500,000 Married couple >\$750,000	\$76.40 + plan premium

**NOTE:** Some prescription drug plans have different levels or “tiers” of copayments, with different costs for different types of drugs.

Average monthly premium, deductible, and/or coinsurance varies by plan.

Higher-income consumers may pay more.

Please note the hold harmless rule does not apply to Medicare Part D premiums for prescription drugs.
